

## Cleansing Cream Shampoo

---

Cleansing Cream Shampoo is a treating and conditioning cream shampoo with immediate shine-enhancing and regenerating action. Formulated with a blend of low-impact surfactants, it gently cleanses the hair without stripping away its hydrolipidic barrier. Leaves hair soft, shiny, and smooth. It has an intense smoothing and polishing effect.

### How to use:

Use 2/3 doses of product, distribute it on wet hair, emulsify with water, and massage for 1-2 minutes. Rinse thoroughly with warm water.
